

# NYCDOT TRANSPORT REFRIGERATION UNIT (TRU) INCENTIVE PROGRAM ANNOUNCEMENT

**Apply for a grant for up to 50% of the cost of Tier 4 Final or ultra-low-emissions compliant transport refrigeration units (TRUs), or a maximum of \$10,000 per TRU, whichever is less.**

## Funding is Available

Qualified applicants are eligible to receive New York City Department of Transportation (NYCDOT) Transport Refrigeration Unit (TRU) incentive funding toward the purchase of Tier 4 Final or ultra-low-emissions transport refrigeration units (TRUs). The funding is being offered to fleets who will work with the City to promote the reduction of harmful emissions from TRU Tier 1 and Tier 2 engines.

## Apply Now Funding is Limited

The NYCDOT Transport Refrigeration Unit Incentive Program is accepting applications on a first-come, first-served basis. Applicants are encouraged to apply today as funding is limited. Maximum number of TRUs per applicant cannot exceed 50% of funds available, or as approved by the program administrator.

## Eligibility Requirements For Qualifying Truck

- Truck must be Class 3 to Class 8 with a Gross Vehicle Weight Rating (GVWR) of 10,001 pounds or greater
- Truck must have 2007 or newer model year engine
- Truck must have proof of registration in NYC for the previous 12 months
- Truck must operate within NYC

## Eligibility Requirements For Qualifying Trailer

- Trailer must be stationary and not be registered as an on-road vehicle
- Trailer must have clear Title (proof of ownership required)

## Eligibility Requirements For Qualifying TRU (old TRU)

- TRU engine must meet Tier 1 or Tier 2 emission standards
- TRU must be operational and in service on the qualifying truck or trailer
- TRU must be scrapped upon replacement
- TRU must not exceed 50 horsepower
- TRU inspection will be performed by the program administrator to verify eligibility

## TRU Replacement Requirements (TRU must be purchased new)

- TRU must be purchased new and ownership retained for a minimum of 3 years
- TRU engine must meet Tier 4 Final or ultra-low-emission standards
- TRU must be electric standby, hybrid-electric or electric-only equipped
- TRU must include proof of manufacturer warranty
- TRU installation must be performed by an approved vendor
- TRU must not exceed 50 horsepower
- TRU inspection will be performed by the program administrator to verify compliance
- TRU must operate within NYC.
